

Setting Up A YouTube Channel – 1. Google

If you don't have a Google account for personal use, obtain one. Bear in mind that once your videos have been uploaded by the British Council, you can, if you wish, delete the account.

Go to <https://support.google.com/accounts/answer/27441?hl=en>

Step 1: Choose a Google Account type

For myself

To manage a business

Click **Create account**

From the drop down, select the **Personal use** option

Enter your name

You'll be asked to add your birthday and gender.

In the "Username" field, enter a username.

Enter and confirm your password.

Click **Next**.

Optional: Add and verify a phone number for your account.

Click **Next**.

2. Create a YouTube Channel

Create a **personal** YouTube channel

Sign in to YouTube on a computer or the mobile site.

Click your profile picture and **Create a channel**.

You'll be asked to create a channel.

Check the details (with your [Google Account name and photo](#)) and confirm to create your channel.

Verify your YouTube account:

To verify your channel, you'll be asked to enter a phone number. Google will send a verification code by text or voice call to that phone number.

3. Create a Video on Your Phone, and Upload

Install the YouTube app on your phone

In the settings, give the YouTube app full access to your photos and videos (you can disable this when not using it).

Shoot a LANDSCAPE video on your phone

Upload it using the YouTube app on your phone:

- Click "+" button at bottom of screen

- Select 'Video' on left hand side of the options

- Select the video you want to upload

- Press 'Next'

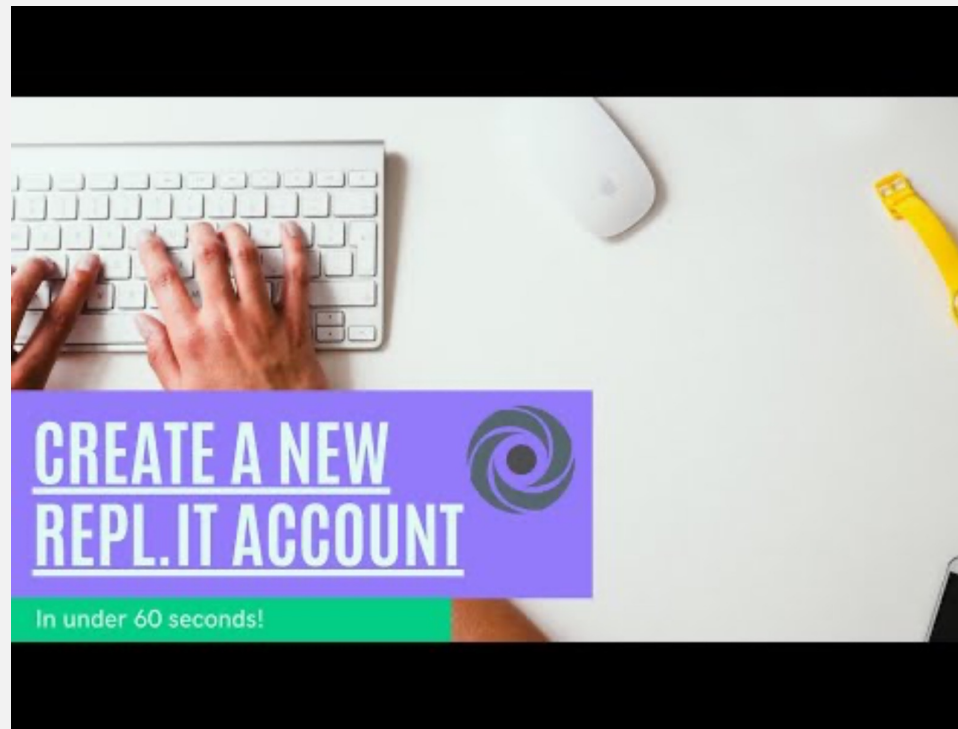

- Keep visibility unlisted & private

Copy the link and send it to info@learn-tech.io with your team's name.
